

FRIENDS OF THE JR WHIPPET RESCUE

Our statistics show that one whippet is left destitute every 3¼ days – and these are just those we hear about.

Dumped, bereaved, ill-treated, they come to us, at best, bewildered and scared; at worst, sick or dying.

Please help us to care for them by becoming a Friend

For a small annual subscription, we will send you a regular bulletin of our activities

Application for Membership
